

AMENDMENTS TO THE CLAIMS:

This listing of claims will replace all prior versions, and listings of claims in the application:

LISTING OF CLAIMS:

1.(original) Electronic label (1) comprising a radio identification element (RFID, Radio Frequency Identification Device) (10, 11) for labeling a container (2, 6), characterized by a shape that allows it to be attached within the container (2, 6) to be labeled.

2(currently amended). Electronic label (1) according to ~~the preceding~~ claim 1, its shape allowing it to be attached in the opening of said container (2, 6).

3.(currently amended) Electronic label (1) according to ~~the preceding~~ claim 2, its shape allowing it to be attached in the neck of a bottle (2).

4.(currently amended) Electronic label (1) according to ~~one of the preceding claims~~ claim 1, having an opening that allows passage of the contents of said container (2, 6).

5.(currently amended) Electronic label (1) according to ~~one of the preceding claims~~ claim 1, with the shape of a socket.

6.(currently amended) Electronic label (1) according to ~~one of the preceding claims~~ claim 1, said radio identification element comprising an electronic circuit (10) and an antenna (11), said antenna (11) consisting of a cylindrical coil.

7.(currently amended) Electronic label (1) according to ~~the preceding~~ claim 6, the contents of said container (2, 6) being able to pass in the center of said coil (11).

8.(original) Container (2, 6) comprising an opening, the section of said opening being smaller than the maximum section of said container (2, 6) and comprising an electronic label (1) containing a radio identification element (RFID, Radio Frequency Identification Device) (10, 11), wherein said electronic label (1) is placed within said container (2, 6).

9.(currently amended) Container (2, 6) according to ~~the preceding~~ claim 8, said electronic label (1) being placed in said opening.

10.(currently amended) Container (2, 6) according to ~~one of claims~~ claim 8 or 9, closed by a top (3, 7), said electronic label (1) being placed under or in said top (3, 7).

11.(currently amended) Container (2, 6) according to ~~the preceding~~ claim 10, said top being a dispenser top (3), said electronic label (1) being placed around the stem (31) of said dispenser top (3).

12.(currently amended) Container (2, 6) according to ~~one of claims~~ claim 10 or 11, said electronic label (1) being glued or soldered under said top (3).

13.(currently amended) Container (2, 6) according to ~~one of claims~~ claim 10 or 11, said electronic label (1) and the body (30) of said top (3) being combined in a watertight capsule (4).

14.(currently amended) Container (2, 6) according to ~~one of claims~~ claim 10 or 11, said electronic label (1) being molded in the body (30, 70) of said top (3, 7).

15.(currently amended) Container (2, 6) according to ~~one of claims~~
claim 9 to 14, said electronic label (1) comprising fins (15).

16.(currently amended) Container (2, 6) according to ~~one of claims~~
claim 9 to 15, said dispenser top being an atomizer (3).

17.(currently amended) Container (2, 6) according to ~~one of claims~~
claim 9 to 15, said dispenser top (7) comprising a valve.

18.(original) Dispenser top (3, 7) for closing the opening of a
container (2, 6), the section of said opening being smaller than
the maximum section of said container (2, 6), wherein it comprises
an electronic label (1) containing a radio identification element
(RFID, Radio Frequency Identification Device) (10, 11).

19.(currently amended) Dispenser top (3, 7) according to ~~the~~
~~preceding~~ claim 18, said electronic label (1) being placed around
the stem of said dispenser top (3, 7).

20.(currently amended) Dispenser top (3, 7) according to ~~one of~~
~~claims~~ claim 18 or 19, said electronic label (1) being integrally
connected to the body (30, 70) of the dispenser top (3).

21.(currently amended) Dispenser top (3, 7) according to ~~one of~~
~~claims~~ claim 18 or 19, said electronic label (1) being molded in
the body (30, 70) of said dispenser top (3, 7).

22.(currently amended) Dispenser top according to ~~one of claims~~
claim 18 to 21 being an atomizer.

23.(currently amended) Dispenser top according to ~~one of claims~~
claim 18 to 21, comprising a valve.
